Rebecca Kirk
Department of Finance
915 L Street
Sacramento, CA 95814

Dear Rebecca:

Pursuant to Sections 92493 through 92496 of the Education Code (2017 Budget Trailer bill, SB 85, Chapter 23, Statutes of 2017), enclosed is the University of California's 14th Amended List of Proposed Energy Projects for inclusion in the Statewide Energy Partnership (SEP) Program. Sections 92493 through 92496 permit UC to expend state operating funds for energy conservation projects and debt service payment for projects associated with UC's Statewide Energy Partnership (SEP) Program following appropriate notice of the projects that are to be funded from operating funds. Attached is a revised version of the August 26, 2010 letter that your office sent to the State Legislature informing them of the program and projects proposed for funding at that time. This version includes current legislative leadership and references the amended list of projects.

As further engineering and financial analyses have been carried out, new projects have been identified for inclusion in the Partnership Program. The University requests that the list of authorized projects be amended to include the attached thirteenth amended list of projects.

If you have any questions or need additional information regarding this matter, please call Associate Vice President David Alcocer at (510) 987-9113.

Please let me know if you need anything else.

Sincerely,

Nathan Brostrom
Executive Vice President and
Chief Financial Officer

University of California, Statewide Energy Partnership (SEP) Program, Approval of Additional Projects

Sections 92493 through 92496 of the Education Code (SB 85, Chapter 23, Statutes of 2017), permit the University of California (UC) to expend state operating funding for capital expenditures and debt service payment for projects associated with UC's Statewide Energy Partnership (SEP) Program following legislative notification of the projects that are to be funded from operating funds. This provision permits UC to update the list of approved energy efficiency projects as new projects are identified for inclusion in the program, in a manner consistent with the reporting requirements set forth in Sections 92493 through 92496 of the Education Code.

The Department of Finance has received a request from UC to update the list of approved energy efficiency projects included in UC's Partnership Program. As further engineering and financial analyses have been carried out, UC has identified new projects for inclusion in the Partnership Program. For this reason, UC requests that the list of authorized projects be amended to include the attached fourteenth amended list of new projects.

Consistent with the language in Section 92495(b) of the Education Code, it is our intent to approve this request no sooner than 30 days from the date of this letter. If you have any questions or need additional information regarding this matter, please call Rebecca Kirk, Policy Analyst at (916) 445-0328.
