The Honorable Philip Y. Ting
Chair, Assembly Budget Committee
State Capitol, Room 6026

Mr. Joe Stephenshaw
Director of Finance
State Capitol, Room 1145
Sacramento, California 95814

Dear Senator Skinner, Assembly Member Ting, and Director Stephenshaw:

This letter conveys the certifications for all University of California entities with buildings subject to California Education Code section 92493 et seq. effective from July 1, 2021, through June 30, 2022. Certifications for prior periods were addressed in submissions made in calendar year 2021. In this certification period, there were 241 buildings subject to the code, whereas 242 buildings were previously reported. This change reflects clarification of a funding source and funding eligibility and is not an oversight.

As was seen in prior submissions, the attached certifications include certain instances where work traditionally performed by persons with University of California Service Unit job classifications were performed by contract workers. In this certification cycle, there are significantly fewer of these instances reflecting the University's ongoing commitment to use AFSCME-represented University employees to perform service work consistent with Regents Policy 5402 and Article 5 of the AFSCME Collective Bargaining Agreement. The contracts present in the certifications are predominantly of a temporary or one-time nature and typically due to staff unavailability. In a few cases, the contracts were necessary because they were of a specialized nature, or due to COVID-19 staffing challenges that are unique to current circumstances directly impacted by the pandemic.

Wherever possible the University continues our best efforts to employ AFSCME service workers in meeting our complex operational needs. Given the ongoing staffing challenges that employers in California and nationwide continue to face, the University deals with difficulties recruiting and retaining employees in many AFSCME bargaining unit classifications. Thus, meeting our obligations under both SB 820 and Article 5 of the AFSCME collective bargaining agreements remains a significant challenge. As one

example, it is not generally feasible to recruit and retain employees for one-day or one-week projects on a sporadic or emergency basis. Thus, the University is forced to rely on contingent labor to meet its operational needs that include serving students, conducting research, treating patients, and otherwise fulfilling the mission of the University of California. However, as you will see from our certifications, the overwhelming majority of those services are performed by AFSCME bargaining unit employees, and the University has been able to reduce its reliance on contract labor as part of its commitment to use University employees whenever feasible.

If you have any questions regarding these certifications, Lauren Friedman would be pleased to speak with you. She can be reached by telephone at 510-987-9947, or by email at Lauren.Friedman@ucop.edu.

Sincerely,

A handwritten signature in black ink that reads "Michael V. Drake" followed by a stylized flourish.

Dear Executive Director Silas,

CERTIFICATION:

This letter satisfies the certification pursuant to California Education Code section 92493 *et seq.*, effective from January 1, 2017.

I certify that, following a good faith review of the record and based upon information and belief, for each completed building or facility (as listed in Attachment 1) in receipt of state funding, including where the University made debt service payments on a capital outlay or expenditure project after January 1, 2017, all cleaning, maintenance, grounds keeping, food service, or other work traditionally performed by persons in University of California (University) Service Unit (SX) job classifications:

2. Have been performed exclusively by University employees in SX job classifications between July 1, 2021 through June 30, 2022 (FY 21/22), or, if the building/facility became operational after July 1, 2021, since the date the building/facility became operational, except as noted below.

Exception:

Fresno Center (9419)

Work Performed: Custodial Service

Date: Since January 1, 2017 until February 28, 2022 at which time this work was insourced and is now performed by UC Merced AFSCME covered workers

Approximate Number of contract workers: one (1) to two (2) workers

Reason/Remedy: This work was contracted out in accordance with Article 5 and Regents Policy 5402 including required Wage and Benefit Parity rates due to this work taking place at a remote location more than ten (10) miles from the UC Merced

campus. Under the requirements of SB820 the University insourced this work in February 2022.

Work Performed: Security Guard Service

Date: Since January 1, 2017 until February 28, 2022 at which time this work was insourced and is now performed by UC Merced AFSCME covered workers

Approximate Number of contract workers: one (1) to two (2) workers

Reason/Remedy: This work was contracted out in accordance with Article 5 and Regents Policy 5402 including required Wage and Benefit Parity rates due to this work taking place at a remote location more than ten (10) miles from the UC Merced campus. Under the requirements of SB820 the University insourced this work in February 2022.

Work Performed: Landscaping Services

Date: Since January 1, 2017 until February 28, 2022 at which time this work was insourced and is now performed by UC Merced AFSCME covered workers

Approximate Number of contract workers: one (1) to two (2) workers

Reason/Remedy: This work was contracted out in accordance with Article 5 and Regents Policy 5402 including required Wage and Benefit Parity rates due to this work taking place at a remote location more than ten (10) miles from the UC Merced campus. Under the requirements of SB820 the University insourced this work in February 2022.

Work Performed: Landscaping Improvement Services

Date: January 10, 2022

Approximate Number of contract workers: five (5) workers

Reason/Remedy: This work was contracted out as the work was urgently needed. Six (6) trees which were damaging the building, 62 shrubs, stumps and sod were removed and replaced with drought resistant plants and crushed rock. This work was urgently needed due to state wide water conservation efforts and AFSCME covered staff were not available at this location as this location is 70+ miles from the UC Merced campus. However, moving forward these landscaping improvements will be maintained by UC Merced AFSCME covered staff.

Castle 1201 (0110)

Work Performed: General Labor

Date: February 1, 2022 for one-time service

Approximate Number of contract workers: four (4) workers

Reason/Remedy: This work was contracted out at a UC location more than ten (10) miles from the UC Merced Campus and involved the disassembly of an optical table at Castle where it was reassembled in a laboratory on the UC Merced campus.

Sentinel Rock (0284)

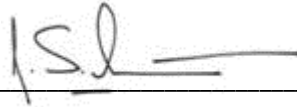

Work Performed: General Labor

Date: August 16, 2021 – August 21, 2021

Approximate Number of contract workers: Daily work crew varied from three (3) workers to twelve (12) workers over a five-day span.

Reason/Remedy: This work was contracted out in accordance with Article 5 and Regents Policy 5402 including required Wage and Benefit Parity rates due to this work needing to take place quickly as it was necessary to move 500+ students into the Sentinel Rock location following approval from the Office of the State Fire Marshal. This move allowed the UC Merced campus to provide COVID-19 quarantine spaces for returning students.

CERTIFICATION:

This letter satisfies the certification pursuant to California Education Code section 92493 *et seq.*, effective from January 1, 2017.

I certify that, following a good faith review of the record and based upon information and belief, for each completed building or facility (as listed in Attachment 1) in receipt of state funding, including where the University made debt service payments on a capital outlay or expenditure project after January 1, 2017, all cleaning, maintenance, grounds keeping, food service, or other work traditionally performed by persons in University of California (University) Service Unit (SX) job classifications:

1. Shall be performed exclusively by University employees in SX job classifications going forward, and,
2. Have been performed exclusively by University employees in SX job classifications between July 1, 2021 through June 30, 2022 (FY 21/22), or, if the building/facility became operational after July 1, 2021, since the date the building/facility became operational, except as noted below.

Exception:

Building/Facility: Student Success Center and Winston Chung Hall

- Work Performed: Custodial Service
- Date: September 2021-February 2022
- Approximate Number of contract workers: three (3)
- Reason/Remedy: The UCR Facilities Department actively recruited for custodial positions during FY 21/22. However, due to staffing shortages resulting from Covid-19 impacts, there were not enough employees available to perform rotating custodial services at the listed buildings. Contract workers were hired to backfill vacancies in the listed buildings but performed periodic custodial work in rotation with career staff at other locations as well. Recruiting efforts continue to significantly reduced the number of contract workers required, and these 3 positions have been permanently filled with career UCR staff.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim A. Wilcox".

Exception:

All Facilities listed in Attachment I

Work Performed: Pest Control – insect and small rodent control

Date: Various dates throughout the calendar year

Approximate Number of contract workers: 1

Reason/Remedy: There is a good-faith disagreement as to whether the pest control services at issue constitute “work traditionally performed” by AFSCME bargaining unit members. However, without acknowledging that the service has been traditionally performed by AFSCME bargaining unit members, UC Santa Barbara has agreed to insource the work at issue.

Broida Hall

Work Performed: Exterior Window Washing – 1st floor

Date: 5/13/2022

Approximate Number of contract workers: 3

Reason/Remedy: A contractor performed certain window washing services that have traditionally been performed by AFSCME bargaining unit employees. This work will no longer be performed by the contractor

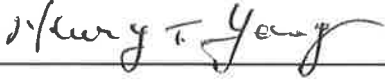

Davidson Library

Work Performed: Exterior Window Washing – 1st floor

Date: 9/8/2021, 2/4/2022, 5/10/2022, 6/17/2022

Approximate Number of contract workers: 5

Reason/Remedy: A contractor performed certain window washing services that have traditionally been performed by AFSCME bargaining unit employees. This work will no longer be performed by the contractor
