

## Navigation Overview

There are three primary areas to navigate in SmartSimple:

- Your current awarded grants are in My Applications: **Awarded Applications**. Closed grants and unfunded applications are in Historical Applications.
- Assigned Actions: **Deliverables** is where you complete and submit your progress reports, fiscal reports, and other deliverables assigned during post-award. Reports will become available within 30 days of the due date.
- The blue header includes links to available funding opportunities, closed grants, and unfunded applications. Your name appears in the upper right corner of the screen, where you may update your profile, change your password, or log out.
