Diversity and Disparities in Cancer Research Traineeship Supplement

Summary of 2020-21 Awards

Beginning with the 2020-21 award year, CRCC Faculty Seed Grant recipients had the opportunity to request a supplement to support undergraduate student, post-baccalaureates, or first year master's students. Each principal investigator (PI) faculty sponsor received a supplement of up to \$10,000, and will be providing research training opportunities in cancer over the course of their CRCC grants.
