

UC Office of the President 2024 Ergonomics Equipment List

Matching Funds Program

UCOP Ergo Matching Funds are only permitted to be used towards products from this catalog and/or at the discretion or specialized recommendations from a UCOP ergonomist. **UCOP does NOT purchase desks for home offices. Desks are a personal expense.** The ergonomics program is not involved with assisting with acquiring IT equipment (laptops, monitors, webcams, or phone headsets). Employees wanting these items should seek approval through their supervisor or contact UCOP IT regarding acquisition and questions about compatibility.

Qualifications for Matching Funds

Employees must first take the online Risk and Safety Services [Computer Ergonomics](#) training and risk assessment to be eligible. You may then self-select products from this catalog and send your selection(s) to ergonomics@ucop.edu if you are able to identify your needs. **After your request is received and reviewed, you will be contacted with information, including the matching funds COA,** needed for your department to place your order. If you need additional evaluation assistance beyond the online self-assessment prior to making an equipment selection, send a request to ergonomics@ucop.edu.

How to Use This List

This equipment list provides information about furniture and accessories that meet UCOP requirements for ergonomics, quality, and sustainability. Equipment is available from the vendors listed next to each item. Departments are responsible for ordering equipment and coordinating directly with the listed vendor for any returns, service, or warranty issues.

Prices are subject to changes by the vendor. The department should obtain the most current pricing from the listed vendor.

Task Chairs

* Approximate price includes anticipated freight, tax, and delivery/installation fees (subject to change). Installation typically ready ~4-6 weeks after order finalized.
