INTRODUCTION AND PURPOSE

The following is a strategic framework for the University of California’s Office of the President (UCOP). It was created by UCOP’s senior leadership team to guide all UCOP divisions and staff in focusing their energy and resources on actions that will best position the University of California to achieve its academic, research and public service missions.

This framework outlines UCOP’s mission, vision, values and the primary strategic objectives we will collectively need to achieve in order to reach that vision.

This framework is intended to guide all UCOP divisions as they craft or update their own strategic plans through 2028. The framework will also serve to inform and energize staff on the strategic direction of UCOP. It does not outline division goals, nor is it meant to be a comprehensive summary of all the work performed by the Office of the President.

We hope you will find this document helpful in understanding the direction and priorities of UCOP.

UNIVERSITY OF CALIFORNIA
Decision Drivers
The University of California Office of the President (UCOP) supports the UC system by providing the leadership to execute the mission cohesively, by incubating, funding, coordinating, and managing systemwide programs and initiatives, and by supporting operations and realizing efficiencies through Systemwide and Core Services.

<table>
<thead>
<tr>
<th>Programs &amp; Initiatives</th>
</tr>
</thead>
<tbody>
<tr>
<td>UCOP manages almost 30 state &amp; federal programs and systemwide programs that support the teaching, research, and public service mission of the University. These programs provide thousands of students learning and research opportunities, fund researchers across the state through competitive grant programs, and promote access and diversity through its outreach programs. While UCOP directs these programs, the funding largely passes through to the campuses and other California-based researchers where they employ scientists, fund research studies, and utilize funding in alignment with the UC mission.</td>

The following decision drivers were considered as the UCOP mission, vision, values, and strategic objectives were refreshed:

1. Presidential Priorities established in September 2022
2. UCOP Strategic Framework 2019 – Mission, Values, Strategic Objectives
3. The teaching, research, and public service mission of the University of California
4. Assessment of market conditions facing UCOP and the UC system
5. Feedback from UC campus strategy meetings on needed support from UCOP

UCOP Framework Integration Plan

Integration Plan for the Strategic Framework:

Components of this UCOP Framework will be incorporated into division strategic plans as follows:

- **Mission & Vision**
  The UCOP mission and vision statements will be integrated into the “Decision Drivers” section of each division’s strategic plan. Each division will each generate their own functional mission and vision aligned to UCOP’s.

- **Values**
  All divisions will adopt the UCOP values and their descriptors. Divisions may choose to add values that are specific to their mission.

- **Strategic Objectives**
  All divisions will adopt the UCOP strategic objectives and their descriptors. However, divisions do not need to set goals for every UCOP strategic objective if the objective does not apply to them. Divisions may also choose to add strategic objectives that are specific to their vision.

Integration Timeline:

All divisions will integrate the above framework components when plans are initially developed or refreshed. Existing strategic plans will incorporate the UCOP components by August 2023.
