VENDOR APPLICATION

Please Join Us!

We cordially invite you to connect with our diverse group of mental health professionals at the University of California's 2019 Mental Health Best Practice Conference, [Mental Health at the Intersection of Culture & Technology!](#) We are bringing together 300+ campus mental health professionals (to include psychologists, psychiatrists, nurse practitioners, primary care physicians, social workers, marriage and family therapists, case managers, health educators, student affairs leadership, administrators and trainees). Together, we will share best practices and engage in training on emerging trends in student mental health all in the spirit of self-care.

If your organization offers products, services, or resources relevant to providers of student mental health, we invite you to submit an exhibitor application. We are particularly interested in advancements in technology, wellness and self-care, and publications/literature.
