SunShares is a project of the Business Council on Climate Change (BC3), a non-profit working with Bay Area businesses to take collective action on sustainability issues. Note: The SunShares program is available as an option for all qualifying UC employees, but the University does not endorse the selected solar contractor(s). Any employee who enters into the SunShares program does so in his/her personal capacity and his/her own risk and expressly holds the SunShares partners, including the University, harmless from any liability associated with his/her decision to participate in this program for services for his/her personal project.
