Women of Color in STEM and SBS Fields
UC ADVANCE PAID Roundtable 2
Wednesday October 17, 2012
9:00 am to 4:30 pm, UC Irvine Student Center, Doheny Beach Rooms**

This one-day Roundtable will convene UC faculty and academic administrators who play key roles in recruitment and retention of STEM (science, technology, engineering, and mathematics) and SBS (social and behavioral sciences) faculty. The keynote speaker, Dr. Cecilia Conrad (distinguished labor economist and Vice President for Academic Affairs and Dean of Pomona College), will present research on the participation of women of color in STEM and SBS fields over time in the U.S. In addition, UC faculty and administrators will present research and practice in building a stronger UC faculty, including the following panels:

“The Double Bind in Engineering and Computer Science”
“Advancing Diversity in the Social and Behavioral Sciences”
“Building a Diverse Future for the Biological Sciences”
“Remaking the Climate for Graduate Education”

UC Provost Aimée Dorr and UCI Chancellor Michael Drake will be among those contributing to this conversation about strengthening faculty in STEM and SBS. For additional information on the UC ADVANCE PAID program, including the first roundtable in April 2012, see <http://www.ucop.edu/ucadvance/>

Others who may want to attend are Executive Vice Chancellors/Provosts, Vice Provosts, and faculty doing research in related areas.
