

Delta Dental PPOSM - Getting the most from your plan

We'll do whatever it takes and then some.

PPO dentists submit your claims to Delta Dental

No paperwork.
No hassle.

Save money with a Delta Dental PPO dentist

Although you can visit any dentist, you'll usually pay less when you visit a Delta Dental PPO dentist.

- PPO dentists agree to accept Delta Dental contracted fees as full payment.
- Your share of the bill will likely be lower than when you visit a non-Delta Dental dentist.

Find a Delta Dental PPO dentist

Delta Dental PPO, our preferred provider organization (PPO) plan,* provides access to the largest network of its kind nationwide.

Your out-of-pocket costs are usually lowest when you visit a PPO dentist.

To find the most current listing of our network dental offices:

- Visit our website and click on "Find a Dentist" on our home page.
- Select "Delta Dental PPO" as your plan network.
- Visit Delta Dental PPO dentists at convenient on-campus dental clinics at UC Irvine, UC Riverside, and UC Santa Barbara.

* In Texas, Delta Dental Insurance Company offers a Dental Provider Organization (DPO) plan.

** Please review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan's dentist network.

Is your dentist a Delta Dental PPO dentist?

We recommend that you verify your current dentist's participation in the Delta Dental PPO network. Simply asking if a dentist "accepts Delta Dental" does not guarantee he or she is a PPO dentist.

- Ask specifically if he or she is a contracted Delta Dental PPO dentist.
- You should verify your dentist's participation before each dental appointment.

Maximum choice

The Delta Dental Premier[®] network — our larger network consisting of nearly 80 percent of dentists nationwide — provides cost-saving features and is the next best option if you can't find a PPO dentist. You can find a Premier dentist using our online dentist directory.

- Premier dentists' contracted fees are usually somewhat higher than PPO dentists' contracted fees.
- Premier dentists will not bill you above their contracted fees, so you still receive cost protections not available with a non-Delta Dental dentist.**

WE KEEP YOU SMILING®

Why do 56 million enrollees trust their smiles to Delta Dental?

Easy to use

- No ID card is required to receive services; simply provide the dental office with your name, date of birth and enrollee ID number.
- No claim forms to file — Delta Dental dentists file claim forms for you and accept payment directly from Delta Dental.
- After a claim has been processed, you will receive a dental benefits statement from Delta Dental. This document lists the services provided, the costs of the dental treatment and the amount of any fees you owe your dentist.

Dual coverage/Coordination of benefits

If your parent or spouse has coverage with another dental plan, you or your family members may be covered by both dental plans.*

- The two plans will likely coordinate benefits, potentially lowering your out-of-pocket costs.
- Ask your dentist to submit the other plan's Explanation of Benefits with the Delta Dental claim form and we'll take it from there.

Transitioning from another plan?

Delta Dental covers treatment started and completed after your plan's effective date of coverage. If you have any dental treatment in progress when your coverage begins — such as root canals, crowns and bridgework — those expenses are not covered by Delta Dental. Those costs may either be your responsibility or that of your previous dental carrier.

On our website, you can:

- Find a dentist in our online directory
- Review benefits
- Check claim status
- Print an ID card and much more

To access some services, you'll need to log in: simply enter your user name and password in the designated boxes and submit. If you are visiting our website for the first time, you'll need to complete a quick one-time registration process by clicking the "Register Today" link.

Talk to your dentist about your health and treatment options

When you visit the dentist, be sure to share your dental and medical history and any prior complications. Dentists can identify signs of more serious health conditions and should be made aware of health information that may be critical to your dental care.
